

Folding Camper Insurance

Caravanwise Limited was established in 1998 to arrange insurance cover for touring caravans and static holiday caravans.

Our specialisation in one field of insurance means that we really understand your needs and endeavour to provide you with a friendly and efficient service.

Folding campers and trailer tents are covered under our Caravan Insurance policy. They have exactly the same level of cover except in one regard, we are not able to include cover for personal effects in folding campers because of the inherent lack of security. You may find that these things are already covered on your household insurance as “personal possessions away from the home”. Check with your home insurer.

A brief summary of the cover provided is detailed on the back of this leaflet.
